Production Line Manager

Overview: MachMotion is a growing company that is passionate to simplify and modernize CNC manufacturing processes. In order to guarantee that our customer's production never stops, our internal production must be able to meet consistent ship dates with each custom system that is sold. We are looking for a qualified Production Line Manager to manage our production team to ship our products on time. You will be responsible for supervising, managing and motivating team members on a daily basis.

As a Production Line Manager, you will be the contact point for all production team members. Your communication and technical problem-solving skills should be excellent. You should also be able to act proactively to ensure smooth team operations and effective collaboration.

Anticipated schedule: Full Time – 8:00 am to 5:00 pm (Flex Hours available)

Responsibilities:

- Create an inspiring team environment with an open communication culture
- Set clear team goals to meet ship dates
- Communicate regularly with upper management regarding problems or issues impacting production
- Oversee day-to-day operation
- Monitor team performance and report on metrics
- Motivate team members
- Discover training needs and provide coaching
- Listen to team members' feedback and resolve any issues or conflicts
- Recognize high performance and reward accomplishments
- Actively assist in building our products – especially if someone is out
- Manage the entire training and review process for the production team and assist in hiring

Knowledge, Skills, and Abilities:

- Excellent oral, written and verbal communication skills
- Excellent technical problem-solving skills (electrical and mechanical)
- Good PC skills, especially Microsoft office suite
- Good at working with your hands
- Be able to lift 40lbs at time
